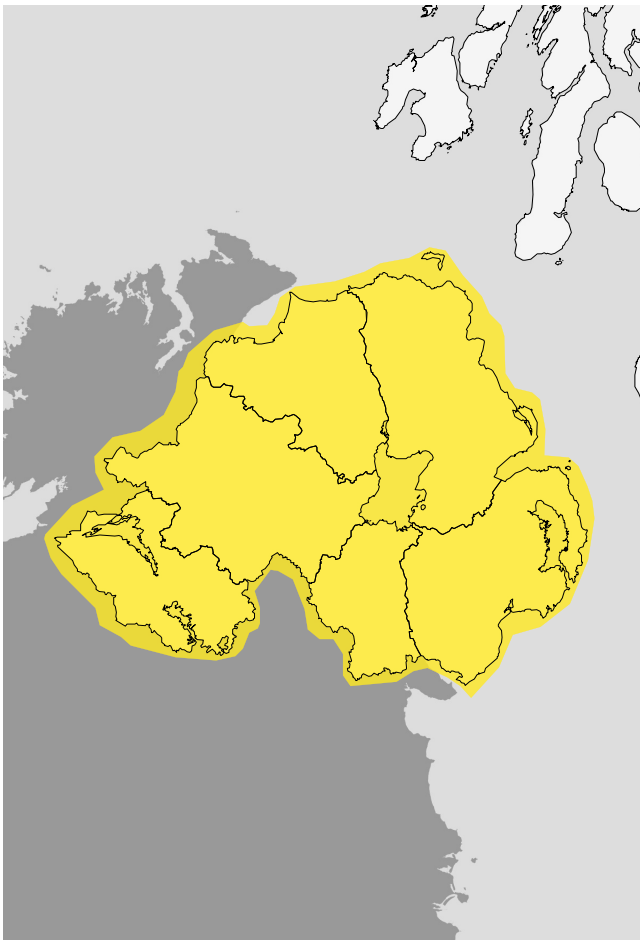
Yellow warning
Rain

Between
03:00 Fri 20 Oct 2023 and
09:00 Sat 21 Oct 2023



Showers or longer spells of rain have the potential to lead to some disruption, particularly for eastern areas

What to expect

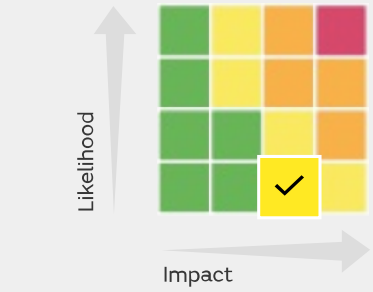
- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a small chance of fast flowing or deep floodwater causing danger to life
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities will become cut off by flooded roads
- There is a slight chance of power cuts and loss of other services to some homes and businesses

Further details

Showers, which will be affecting eastern areas of Northern Ireland late Thursday, are likely to become more widespread, persistent and heavy through Friday, before clearing into Saturday.

Whilst there remains some uncertainty about extent of rainfall, most of Northern Ireland will see 10-30 mm. However, parts of the east could see 40-50 mm, with as much as 60-80 mm for the east-facing slopes of the Mournes and Antrim Plateau.

Blustery easterly winds may be an additional hazard.



Very low likelihood of medium impacts
